WHY AVG?

We know what's important to you when you're online – sharing photos and music, chatting, managing your finances, shopping, keeping in touch with friends and family. You don't want to be worrying about security. AVG takes the uncertainty out of going online, protecting you wherever you go and whatever you do.

AVG gives you the vital extra layers of protection you need to stay safe from today's biggest online threats. Threats to your most valuable personal information like bank account and credit card details. Not to mention your music, photos, documents, and more.

System Tools	Lets you customize how AVG protection works			•

All AVG products give you:

- ✓ Free automatic updates and version upgrades¹
- ✓ Hassle-free security that won't slow you down²

And if you ever need help with your AVG protection, just head on over to our support website at <http://www.avg.com/support> and our experts will get you back on track – fast.

¹ For the term of your license.

² All security software uses memory and processor power, and can therefore result in slower system performance. AVG has been built to minimize these effects.
